

Fast Track to SAP S/4HANA®

HITACHI
Inspire the Next

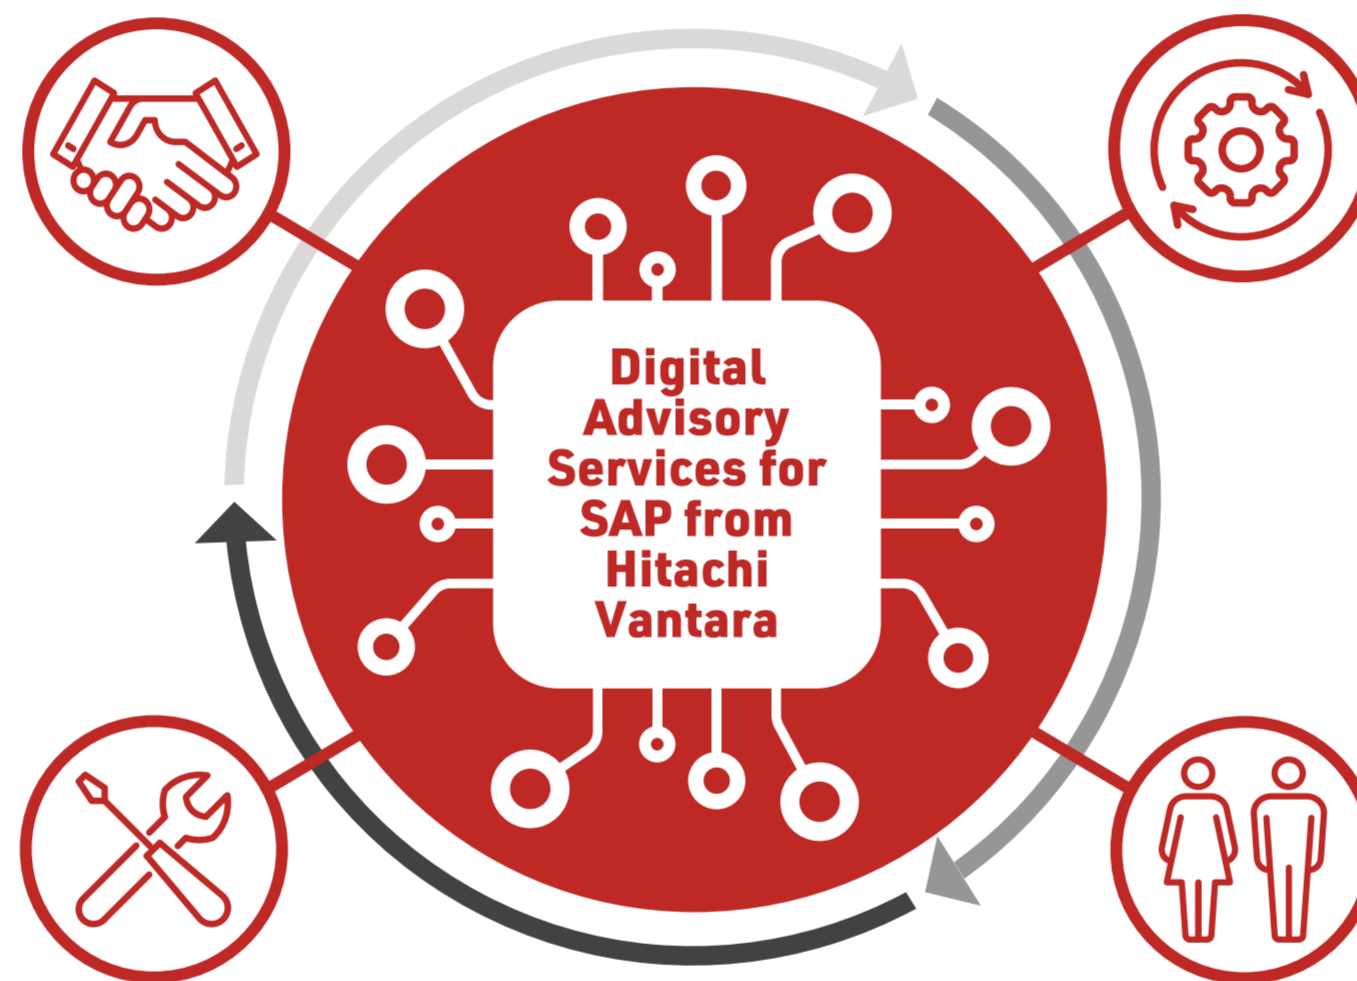

Lay the groundwork for successful adoption of SAP S/4HANA® with Digital Advisory Services for SAP® from Hitachi Vantara. Whether on premises or in the cloud, we'll provide a 360-degree perspective into the current technology environment and develop a roadmap that creates the right balance between speed, delivery and risks.

Culture

We understand that executive buy-in is critical for a successful implementation of SAP S/4HANA®. We will build a comprehensive roadmap supported by detailed ROI/TCO assessment for you to show your leadership how it positions you to operate on a whole new level.

Tools

You've made a great choice in SAP S/4HANA, but you also need to assess your current infrastructure to make sure it's ready for data migration, supporting your new system, and mitigating risk. We create an optimized roadmap to your SAP S/4HANA migration journey, creating the balance between migration speed, delivery and risks. Our 360-degree assessment of your business ensures your move to SAP S/4HANA is cost-effective, scalable and optimized to deliver the greatest benefit of our technology investment.

Process

Throughout your digital transformation journey, adjustments will be required to optimize your business. We will help you define, validate and automate the process changes needed in order to maximize your speed to value.

With a detailed assessment around your environment, your application/product selection, your data, your performance and your processes, you can make any changes in advance of taking SAP S/4HANA live – and help your team more easily adapt.

People

To ensure broadest adoption of your SAP S/4HANA investment, it's important to assess your team's skills and build a plan for education and change management. We will help you evaluate functional roles, ensure they align with your digital transformation objectives, and develop a training and certification roadmap. By outlining the goals of your digital transformation initiative – and how your teams will play an integral part in its overall success – you optimize potential for the greatest possible outcome.
